2241 Hanselman Ave. Saskatoon, SK S7L 6A7

306-244-7727

TF 1-888-274-0862

## DESCRIPTION

An oil-based treatment that quickly attracts dust and dirt to mops, cloths, and mitts. Eliminates the annoyance of flying dust. Reduces possible inhalation and prevents resettling. Contains special ingredients that convert dust into heavy lint, which shakes out or can also be washed out easily. A routine treatment program will extend the life of the floor finish and help maintain the gloss.

# DR. DUSTER DUST MOP TREATMENT

CODE : ENV-1507

## USAGE

**DIRECTIONS:** Hold dispenser upright 6 to 8 inches from mop or cloth. Spray a light mist directly on mop or cloth. Allow treatment to penetrate. Dust or mop as usual. Reapply as needed. For best results, treat dust mops overnight. When saturated, shake out lint and clean mop, cloth or mitt in washing machine. Retreat after washing.

**NOTE:** Never spray directly on floor and protect floors from overspray. The product's ingredients make a floor slippery. If this occurs, scrub the floor with detergent and dry thoroughly.

## APPLICATIONS

Dust Mops for finished floors such as asphalt, vinyl, rubber, linoleum and marmoleum

## SPECIFICATIONS

Physical Form	Aerosol
Colour	N/A
Odour	Pleasant scent
pH	N/A
Flammability	Highly flammable liquid and vapour

## PACKAGING

### AVAILABLE IN:

397g/14oz.

12 per case
