# WHISTLE AIR DUSTER

## DESCRIPTION

A compact portable source of ultra clean gas for precision removal of dust. Whistle is non-flammable and leaves no residue. Delivers up to 100 PSIA at 68°F (20°C) with a pinpoint jet.

CODE : ENV-1515

## USAGE

Hold can in upright position when activating trigger. Do not shake or invert while spraying. For pinpoint jet, insert extender tube firmly. Keep can pointed away from eyes or face while inserting tube. Spray in short bursts until dust is removed. Inverting can while discharging will cause freezing liquid spray to occur. Avoid contact with eyes or skin.

## APPLICATIONS

Dusting of computer equipment, circuits, electronic devices, audio/visual recording equipment, photographic and x-ray film equipment.

## SPECIFICATIONS
