# BRAKE PARTS CLEANER

## DESCRIPTION

A residue free, super fast drying, high power spray that dissolves grease and oil and rinses away road grime, and other contaminants, just like former 1,1,1-trichloroethane based products, but with reduced VOC content. Features a high pressure flush action valve which blasts surfaces clean. Helps stop disc brake squeal, lengthens pad life and improves brake performance.

## USAGE

Spray liberally directly on brake parts allowing product to run off. Wipe or allow to air dry. For heavier encrusted areas, brush, then rinse off with a second application.

USED BY: Truck fleet operators, school bus yards, car rental companies, forklift repair companies, courier services, police, fire and rescue squads, auto dealers and auto repair shops.

## PACKAGING

### AVAILABLE IN:

425g/15oz.

12 per case

STEEL

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

CODE : ENV-1518

## APPLICATIONS

Can be used safely on brake linings, drums, discs, cylinders springs, shoes and disc pads without disassembly of the unit.

## SPECIFICATIONS

Physical Form	Aerosol
Colour	N/A
Odour	N/A
pH	N/A
Flammability	Non-flammable

## PROGRESSIVE CHEMISTRY
