DESCRIPTION

Provides a one-step solution to battery terminal corrosion removal and acid neutralization. Delivers a powerful, heavy-duty foam that clings to battery surfaces, provides extended contact time and neutralizes acid quickly. Helps eliminate power leaks and aids in restoring full starting power. Features a low odor, water-soluble formula. Contains a unique color indicator that turns red in the presence of acid, then changes back to yellow when the acid is neutralized. Leaves behind a residual film that provides short term corrosion resistance.

USAGE

Spray on cables, clamp terminals, brackets and over entire battery surface (be sure the cell covers are tightly closed). After a few minutes, flush off with water or damp cloth. For severe conditions, a second application may be necessary. To provide long term protection, wipe posts dry, then coat with BATTERY TERMINAL CLEANER & PROTECTOR.

PACKAGING

AVAILABLE IN:
453g/16oz.
12 per case

NO ANIMAL TESTING
- INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BATTERY TERMINAL CLEANER & PROTECTOR

CODE: ENV-1522

APPLICATIONS

Fleet Cars, Trucks and Buses, Taxi Fleets, Forklifts, Construction, Agricultural and Marine Equipment, Aircraft, Golf Carts, Postal Vehicles, Industrial Battery Backup Systems.

SPECIFICATIONS

Physical Form	Aerosol
Colour	N/A
Odour	N/A
pH	N/A
Flammability	Highly flammable liquid and vapours

PROGRESSIVE CHEMISTRY
