# PLANET PLUS NUT AND BOLT LOOSENER

## DESCRIPTION

PENETRATES through rust and scale to Loosen parts which have been frozen by corrosion. LUBRICATES, loosens dirt, scale and other corrosive elements; never becomes dry, brittle or hard. Can be used on either wet or dry surfaces. Forms a powerful multiple action PROTECTIVE SHIELD against the harmful effects of moisture and corrosion. DISPLACES MOISTURE by sealing out water on all surfaces with a complete molecular film. Preserves equipment thus reducing repair and maintenance costs. Fast penetrating action and high dielectric strength (39 000 Volts).

## USAGE

**TO LOOSEN FROZEN NUTS AND BOLTS:** Apply liberally to frozen nuts, bolts, hinges, and sliding and rotating parts. Allow to penetrate into threads. Work parts back and forth, then re-apply to leave a never-dry, protective lubricating film.

**TO REMOVE CORROSION:** Spray liberally directly onto dirt and scale. Allow to penetrate. Remove loosened scale, then re-apply to leave an anti-corrosive coating.

To ensure adequate protection, reapply periodically.

CODE: ENV-1525

## APPLICATIONS

Any stuck bolts, nuts, screws, including those with corrosion, scale, rust and dirt.

## SPECIFICATIONS

Physical Form	Aerosol
Colour	N/A
Odour	N/A
pH	N/A
Flammability	Non-flammable

## PACKAGING

**AVAILABLE IN:**

425g/15oz.

12 per case

PROGRESSIVE  
CHEMISTRY

For more information or Safety Data Sheets (SDS) please contact us or see our website.

**NO ANIMAL TESTING**  
-INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.
