DESCRIPTION

Ultra Glo is a blend of advanced polymers developed to enhance the natural beauty of your floors while providing protection against heavy foot traffic. Ultra Glo provides a radiant, transparent, long-lasting shine that stands up to wear and tear without yellowing. It helps restore the shine of older floors and prevents dirt from getting trapped in grooves making cleaning easier.

USAGE

Apply after stripping with Ultra Strip (ENV-734), and sealing the floor with Ultra Seal (ENV-375). Once the floor has dried, apply first Ultra Glo coat to the floor. Allow wax to dry for 45 to 60 minutes before applying the second coat of wax. If desired, apply 4 coats to achieve a smooth gloss finish.

Coverage:

1500-2000 ft² from 4L

Note: Always use a new mop for waxing ensuring the mop head is allowed to soak up the wax for at least half an hour before applying to the floor.

NO ANIMAL
TESTING
+ INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BIODEGRADABLE
OECD 301D

ULTRA GLO FLOOR FINISH

CODE : ENV-736

APPLICATIONS

Terrazzo, vinyl

asbestos tile,

concrete,

composition flooring,

linoleum, marble

PROGRESSIVE CHEMISTRY

Our specially formulated Ultra Glo provides an environmentally safe alternative to hazardous and flammable solvent finishes. It has low VOCs and is non-toxic providing you with a high-quality product that is safe for you and the environment.

LAST UPDATED: 25.6.2019

SPECIFICATIONS

Physical form	Liquid
Colour	Opaque white
Odour	Mild chemical smell
pH (1 g/L solution)	8.6
Flammability	Not flammable

STORAGE

Store in a dry, cool, well-ventilated area

Do not allow to freeze

Store away from direct sunlight and heat

Store in original container with closed lid, away from incompatible materials such as strong acids.

SHELF LIFE: 1 year minimum after opening.

ACCESSORIES

ITEM:

CODE:

Microfibre cloths (blue)

HSC-2512B

Trigger sprayer

RAW-TS100

Enviroway spray bottle

RAW-B95E

PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

AVAILABLE IN: 4L, 20L

PRECAUTIONS

Wash hands thoroughly after handling. For more information or Safety Data Sheets (SDS) please contact us or see our website.
