

## DESCRIPTION

Remove built-up wax and polish from your floors with LinoGuard Floor Stripper. Our concentrated formula effectively removes existing floor finishes from linoleum and other alkali-sensitive floors such as marble and rubber, without causing any damage or discolouration.

# LINO GUARD FLOOR STRIPPER

CODE: ENV-760

## USAGE

1. Prepare floors using a dust mop to remove any loose debris.
2. Mix 1-part LinoGuard Stripper with 4-6 parts water. Apply solution with a clean mop and wait 5 to 10 minutes. Do not allow the solution to dry.
3. Agitate surface using a low speed (175 rpm) floor machine or automatic scrubber equipped with a black stripping pad or soft brush.
4. Remove solution using a clean mop, wet vacuum or autoscrubber.
5. Repeat until all finish is removed.
6. Neutralize the floor using Floor Neutralizer (ENV- 703). Rinse the floor with clean water and allow the floor to dry completely.
7. Apply LinoGuard Sealer (ENV-761) and LinoGuard Floor Finish (ENV-762).

## APPLICATIONS

-  Linoleum,  
marble,
-  rubber,
-  marmoleum,  
terrazzo

## PROGRESSIVE CHEMISTRY

Our specially formulated LinoGuard Floor Stripper provides an environmentally safe alternative to hazardous and flammable solvent finishes. It is low in VOCs and non-corrosive providing you with a high-quality product that is safer for you and the environment.

**NO** ANIMAL  
TESTING  
+ INGREDIENTS

Safe and effective cleaning products can be made completely cruelty-free. We perform no animal testing and none of our ingredients contain animal products or by-products.

BIODEGRADABLE  
OECD 301D

LAST UPDATED: 25.6.2019

## SPECIFICATIONS

Physical form	Liquid
Colour	Opaque white
Odour	Hydrocarbon
pH (1 g/L solution)	9.5-10.5
Flammability	Not flammable
Soluble in water	Completely

## USE WITH

- ✓ LinoGuard Sealer (ENV-761)
- ✓ LinoGuard Floor Finish (ENV-762)

## STORAGE

 Store in a dry, cool, well-ventilated area

 Do not allow to freeze

 Store away from direct sunlight and heat

 Store in original container with closed lid, away from incompatible materials such as strong acids.

SHELF LIFE: 1 year minimum from opening.

## PACKAGING

This packaging is made from high density polyethylene (HDPE) one of the most commonly and easily recycled plastics!

Concentrated products save on packaging, energy, and emissions associated with transport. Instead of shipping mostly water, we are sending you a super concentrated product that you simply dilute with tap water. This allows us to pass the savings on to you!

**AVAILABLE IN: 4L, 20L**

## PRECAUTIONS

Wash thoroughly after handling. For more information or Safety Data Sheets (SDS) please contact us or see our website.
